PROFESSIONAL SUMMARY

Computer Science undergraduate with hands-on experience in GenAI systems, RAG pipelines, and automation workflows. Skilled in building agent-based solutions and deploying functional AI prototypes for real-world applications.

KEY SKILLS

- Languages:** Python, C, SQL
- AI / ML:** RAG, Embeddings, LLM Integration, Model Context Protocol (MCP)
- Tools:** LangChain, Agno, Streamlit, FastAPI, Qdrant, Ollama, Docker, Git, n8n
- Creative:** Photoshop, After Effects, Video Editing

INTERNSHIP EXPERIENCE

GenAI Intern | Maarga Systems

May 2025 – July 2025

- Built RAG pipelines that significantly improved retrieval accuracy for complex knowledge queries.
- Developed multi-agent workflows for automation and enterprise data processing tasks.
- Integrated transcription services and deployed production-ready APIs using FastAPI and Docker.

PROJECTS

Major Projects

Restaurant FAQ Chatbot

Tech Stack: LangChain, FAISS, SQLite, Streamlit, Ollama, FastAPI, Python

Developed a RAG-based support system enabling customers to query menus and live offers, featuring an admin panel for dynamic knowledge base management via file and text uploads.

github.com/gokubuilds/restaurant_faq_bot

MCP Search Chatbot

Tech Stack: Agno, Streamlit, DuckDB, Web Search MCP, Python

Advanced AI agent leveraging Model Context Protocol (MCP) to execute simultaneous real-time web searches and structured database queries, delivering enriched, context-aware responses.

Mini Project

n8n Automation Workflows

Tech Stack: n8n, OpenAI Whisper, Google Drive API

Designed integrated automation pipelines: a Google Drive-monitored transcription system and a multi-modal chatbot that transcribes and summarizes audio files into concise key points.

EDUCATION

B.E. Computer Science and Engineering

2023 – 2027

Prince Dr. K. Vasudevan College of Engineering and Technology

GPA: 8.1 / 10

Senior Secondary (CBSE)

2023

Prince Srivari Senior Secondary School

Class XII: 86.4% | Class X: 89.2%

ACHIEVEMENTS & ACTIVITIES

- Team Leader:** Smart India Hackathon (Internal Round)
- Participant:** Google Solution Challenge — AI Agents Workshop
- Freelance:** Experienced Video Editor and Graphic Designer
- Interests:** GenAI Automation, AI Engineering, Agentic Workflows
