Chennai, Tamilnadu, India

SUMMARY

Software Developer with a strong interest in building **scalable** and **efficient systems**. Focused on understanding how applications work end to end and designing solutions that are simple and maintainable. Currently exploring **AI engineering** and working towards integrating intelligent, data-driven features into modern software systems.

EDUCATION

2023 – 2027 Chennai, India	Prince Dr K Vasudevan College of Engineering and Technology B.E Computer Science and Engineering (8.4 CGPA)
2022 – 2023 Chennai, India	Sacred Heart Matriculation Higher Secondary School Higher Secondary Education (83%)
2021 – 2022 Chennai, India	Sacred Heart Matriculation Higher Secondary School SSLC (Promoted under COVID assessment policy)

PROJECTS

- Med-Bot (Hospital Query System)** 
- Built a **RAG** application using **LangChain**, **FastAPI**, **Streamlit**, and **FAISS**.
 - Engineered an end-to-end **data pipeline** for document ingestion, text chunking, embedding generation, and vector storage.
 - Architected an **admin panel** for efficient content updates, document uploads, and chat-log monitoring.
- Schema-Aware Test Data Generator** 
- Built a schema-aware test data generator using **FastAPI**, **Claude API**, and **Faker**.
 - Developed an AI-powered pipeline that parses SQL DDL schemas and generates realistic synthetic data with intelligent Faker mappings.
 - Implemented **topological sorting** to maintain foreign key integrity and **local caching** to reduce LLM token usage and improve performance.
- BulkMailer** , (Implemented for Galada Finance Limited)
- Developed a **Python-based CLI tool** to automate **bulk email delivery** using Gmail SMTP and CSV integration, enhancing secure and personalized outreach.

PROFESSIONAL EXPERIENCE

06/2025 – 07/2025 Chennai	Software Development Intern , Iproat Solutions, Chennai  - Assisted in developing ChatBot using Laravel and OpenAI to enable conversational access to employee information such as attendance, shift, and permissions. - Contributed to the development of a centralized social media dashboard with multi-platform post management features.
------------------------------	---

SKILLS

Languages & Frameworks Python, Java, C, SQL, React, Spring Boot, FastAPI.	Databases & Cloud AWS, Relational Databases (SQLite, MySQL), Non-Relational Databases (MongoDB), Vector Databases (FAISS, ChromaDB).
Core Competencies DSA, AI-Assisted Development (Claude Code, Github Copilot), Agile Development, API Development.	Tools & Platforms Git, GitHub, Postman, Ollama.

CERTIFICATIONS

- AWS Certified Cloud Practitioner** 
- Validates a foundational understanding of core AWS services, security principles and operational best practices.

PERSONAL PURSUITS

- E-Cell IIT Bombay**, Campus Ambassador
- Promoted entrepreneurship** on campus through events, outreach, and **NEC** initiatives by E-Cell IIT Bombay.
- LeetCode**, Problem Solver
- Solved **140+** coding problems on **LeetCode** with a focus on Data Structures and Algorithms.
- The Bharath Scouts and Guides**, Scout
- Received **Rajya Puraskar**, the highest state-level Scouting honor by Bharat Scouts and Guides.
